

Amendments to the Specification:

On page 28, please amend the first full paragraph as follows:

Reference is now made to ~~Fig. 11~~ Fig. 10 of the drawings which depicts the top part of the completion valve sub 20 depicting the main bore 26 and the guide shaft bore 47 in which is disposed the elongate guide shaft 46. Also shown are the hydraulic lines 48, 50 which are coupled to opposite ends of the guide shaft recess 47 for actuating the guide shaft to move between the recess and open and close the ball valve.
